

DIAMOND GLOW, HYDRAFACIAL MD & DERMAPLANE PRE-CARE INSTRUCTIONS

- Discontinue the use of any Isotretinoin products (such as Accutane) for 6 months before treatment (unless you have clearance by a clinician).
- Discontinue the use of topical Retin-A or tretinoin for at least 48 hours before treatment.
- Discontinue the use of over-the-counter acne medications such as benzoyl peroxide, salicylic acid, glycolic acid, or enzymes for 48 hours before treatment.
- Refrain from waxing and depilatories for 48 hours before treatment.
- Delay undergoing any of these treatments for at least two weeks following Botox and filler injections.
- Avoid excessive sun exposure and use of artificial tanning beds for 72 hours before treatment.
- Botox and fillers can be done on the same day, but AFTER your facial treatment.
- For men, shaving is not recommended on the day of treatment. If you choose to shave, please shave at least 3-4 hours prior to your treatment.
- Always wear sunscreen.
- If you do not need to apply makeup for the remainder of the day (on the day of your treatment), wait until the next morning to wash your face.
